This article was originally posted at www.lausanneworldpulse.com. The thesis of this article is Glocal Evangelism, Diaspora Outreach by Diaspora congregations using powerful tools i.e. media/technology. This is just one of many examples of Diaspora Missiology in action! Other megacities where clusters of Diaspora people flourish, can be subject of this type of evangelistic strategy. The Lausanne Movement is committed to mobilize the whole Church including Diaspora congregations to preach the Whole Gospel to the World.
